March 2019

Hello All!

I hope all is well and everyone is getting ready for Spring. It's that time of year when the snow shovels and rock salt are still next to the door, just in case, but you hope to never use them again! As you know, we have our upcoming elections. I, personally, have been a member of our club for over 10 years and have had the pleasure of being a Board Member and your President and I strongly encourage any members interested in a Board or Department Head position to apply.

We live in a fast changing world and it is very hard to keep up with everything. It's key that we all do our best to just keep trying. I have said it in the past, with technology, texts, emails, facetime etc., our Club will continue to grow. We should always try to think outside the box and look ahead to what we can do tomorrow to make our Club better for all. Some might say I look too far ahead. I guess that's that the business sense side of me, but we are the lucky ones. We have our own Club House, many Clubs do not. I love this Club as many of you do. In the past few years it has grown to become the hub of Bergen County and I hope that continues. We have strength in numbers and together we Can and Will make a difference. Let's remember we are a team.

With the past year being a difficult one due to the construction, I am pleased to say that we are almost done. It looks beautiful inside and out. Thank you all again for your support during this difficult time. Hope to see you all at the next meeting.

Lastly, let's take this time to thank Wendy Troast and the Arts/Creative Department for all of their hard work on the Art Display at the Paramus Library and for hosting our CASA fundraiser. It was a wonderful night that was enjoyed by all who attended. Your dedication to precision and excellence is pure perfection. Thank you all again.

Big news! We now have 83 club members!!! Welcome to all our new ladies!

DEPARTMENT NEWS:

GARDEN/CONSERVATION DEPT- DEBBIE CIBELLI

The Conservation & Garden Club had their 1st re-org meeting on Tuesday January 22nd. We welcomed some new members as well as our current ones. The meeting mostly consisted of meeting with Eagle Scout Andrew Teufel and his dad regarding his Gold Eagle Scout project. Andrew's grandmother was a member of the club in the late 40's through the 80's. While driving by the club they saw it needed to be brought back to it's original beauty. If his landscape Eagle Scout project gets approved, he and his troop will be integral in restoring the outside of our club.

We also decided on a project for the Earth Day festivities at High School. We will be providing seeds, soil and recyclable/plant able cups for the children to make and take. **Mark your calendars for Saturday, April 27th 12-3.** We will need a few people to work two 1-1/2 shifts. **PLEASE LET ME KNOW IF YOU CAN WORK.**

Lastly we will be meeting again, Tuesday March 19th at 7:30PM. Hope to see you all there!
